

## Make Modern Payments a Reality

Euronet's Ren Clearing & Dispute Management System streamlines clearing and chargeback processes, serving as the dispute system of record for banks, as well as regional and national switches worldwide.

## Ren doesn't stop, even when everyone else does.

### Balancing, Reconciliation & Settlement

Financial institutions are faced with the need to balance, reconcile, settle, and clear payments with many endpoints, including:

- Their own payment acquiring channels
- External payment acquirers
- Issuers
- Payment partners & other financial institutions
- Merchants
- Card brands, central banks and payments clearing houses

### Ren Clearing & Dispute Management System Features:

- Member institution & user management
- Transaction clearing & settlement for multiple products and channels
- Multi-currency & multi-institution settlement
- Multiple settlement processing windows per day and time zones
- Automated transaction matching, settlement, interchange, and fees calculation
- Clearing files generation & distribution
- Dispute management between endpoints and member institutions
- Configurable definition for dispute cycles and steps
- Manage and track dispute cycles
- Configurable fees & interchange profiles
